# THE SYSTEMS BEHIND *STRATEGY*

ib intelbex

## THE DIAGNOSIS

Investment

Technology

Strategy

Meetings/
Kickoff

Companies don’t fail because of **strategy.**
They fail because **execution is not built into their systems.**

intelbex

# THE EXECUTION GAP

AUTOMATIONS

**80%+**

FAILED AUTOMATION

intelbex

# THE MONEY LEAKS

| AUTOMATIONS | DIGITAL TRANSFORMATION | STRATEGY | SYSTEM INTEGRATION |
| --- | --- | --- | --- |
| Poor data quality | Change Management | Communication failure | Apps selected by employees themselves (54%) |
| Wrong tech mindset | Unclear Goals | Strategy lives at the top | Integration blocks AI initiatives |
| High failure expectations | Technology implemented with old processes. | Slow digital progress due to engagement collapse. | Undocumented pipelines. |
| Poor discovery/ research | | Adoption | |

# WE STAND FOR

INTELLIGENT BUSINESS EXECUTION

ib intelbex

# WHAT WE DO

**Intelbex** helps organizations align business strategy, technology, and execution. We work directly with executives and leadership teams to architect digital initiatives, guide transformation, and deliver measurable outcomes through embedded leadership and hands-on execution.

A business strategy and digital execution firm.

ib intelbex

# A CONSISTENT PROCESS.
# AN OUTCOME DEFINED BY *YOU.*

01

**Understand**

We identify the real state of the organization,  not the perceived one.

02

**Acknowledge**

We bring leadership into alignment on the evidence.

03

**Design**

We map the strategic path forward, what to prioritize.

04

**Deliver**

We close the engagement when the client has what they need.

# OUR WORK AREAS

### Business & Operations

- Business Strategy
- Operation Efficiency
- Growth Strategy
- Process Optimization
- Strategic Planning

### Digital, Technology & AI

- Discovery Sprints
- UX Research
- AI Implementations
- Automation
- Solutions Design

### Digital Transformation

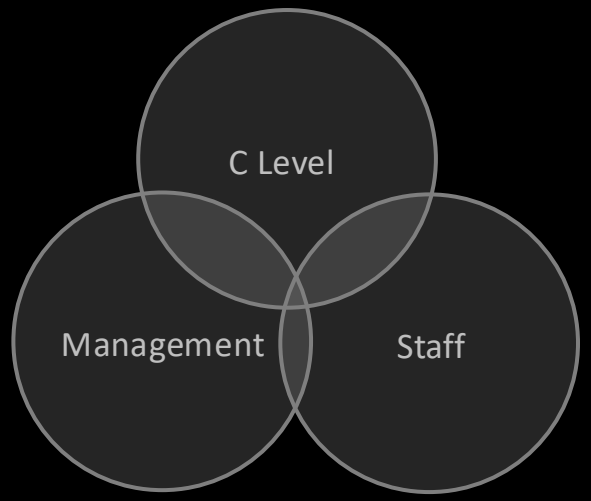
- ib | DRM
- Change Management
- Transformation Roadmap
- Digital & AI Governance
- People Digital Training

ib intelbex

OUR METHODOLOGY

# ib | Digital Ready Model

A structured diagnostic that answers one precise question: is your organization ready to transform — and what does it take to get there? The ib | DRM evaluates 10 readiness domains across 3 stakeholder tiers, delivering a scored, evidence-based roadmap for leadership.



- 10 Readiness Domains
- 3 Stakeholder Tiers
- Priority Matrix
- Leadership Perception Gap
- C Level- Ready Brief
- 5 – 7 Week Engagement

ib intelbex

# FROM DISCOVERY TO EXECUTION. EVERY LAYER COVERED.

10 Readiness Domains

3 Stakeholder Tiers

| | |
|---|---|
| D1 | Digital Strategic Direction |
| D2 | Cultural Change Capacity |
| D3 | Digital Investment Readiness |
| D4 | Technology Foundation |
| D5 | Data Intelligence |
| D6 | Cybersecurity Posture |
| D7 | Digital Process Enablement |
| D8 | Digital Customer Experience |
| D9 | Ecosystem & Partnership Readiness |
| D10 | Innovation & Agility |

ib intelbex

# Engagement Models

Every engagement begins with a conversation…and coffee. The work is defined by what your organization genuinely needs — not by what's easiest to sell.

### Executive Advisory Retainer or Fractional

An ongoing strategic partnership at the executive level — governance, decision support, and accountability over time.

### Diagnostic Assessment

Comprehensive evaluation of business operations, systems,, and decision structures to identify misalignment, operational inefficiencies, and risks, resulting in a prioritized roadmap for improvement.

### Project Execution

End-to-end execution of strategic, digital, or operational initiatives with defined scope, timeline, and deliverables, ensuring proper implementation and measurable business outcomes.

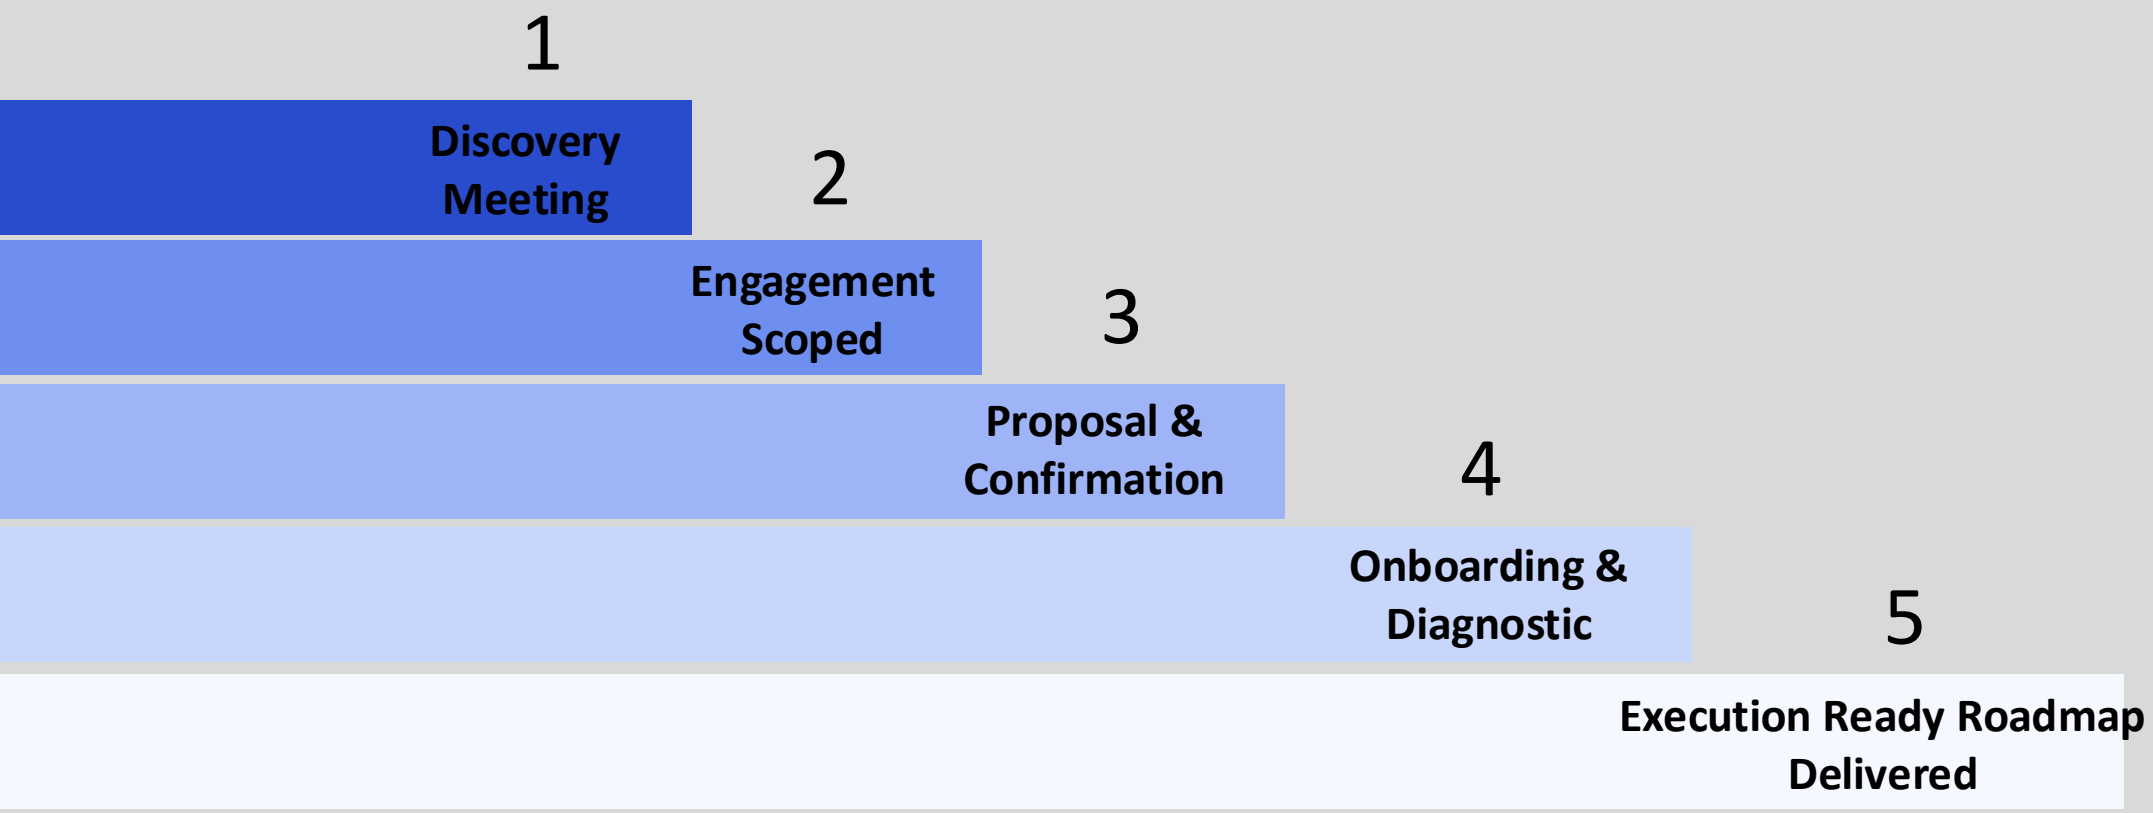
### Tech & Digital Alignment Plan

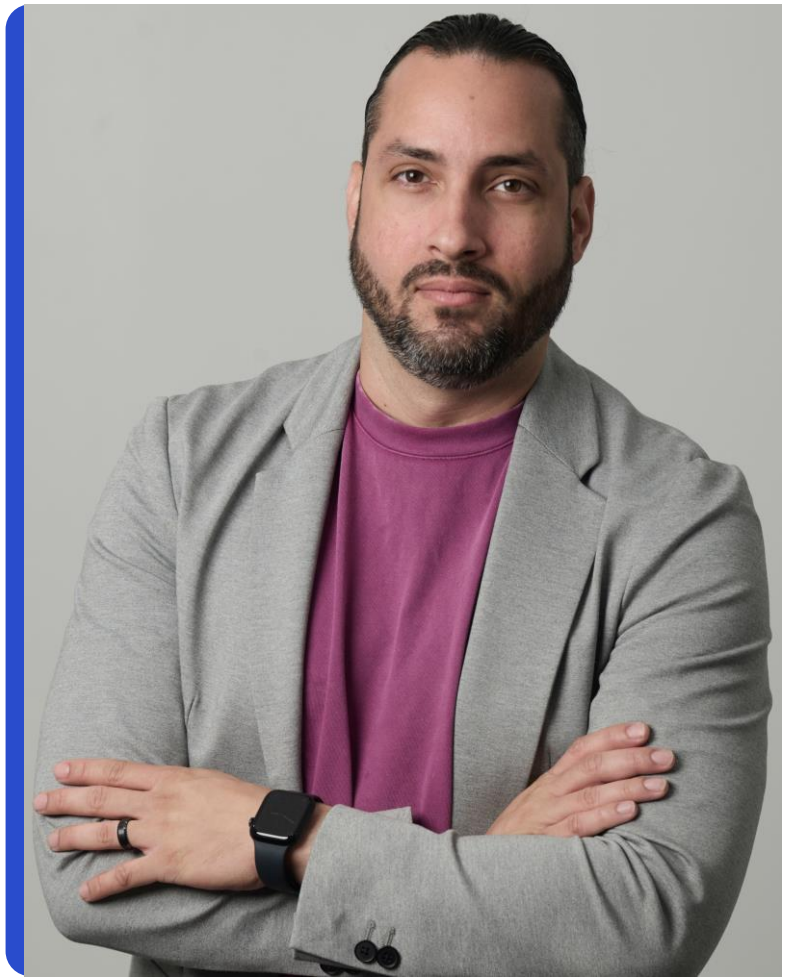
Design of the systems architecture and technology roadmap to align business strategy, operations, data, and technology

ib intelbex

# Something isn't aligned?

*Find out exactly what.*





# Rafael Sánchez

FOUNDER & LEAD ADVISOR

Over **17 years across 6 industries and 3 markets**, I've sat at the intersection of two disciplines that most firms keep separate: business strategy and digital execution. I've led retail divisions to sustained growth, rebuilt operations for organizations scaling rapidly, and designed digital systems that closed the gap between what leadership decides and what the business actually does.

Intelbex is built on a simple conviction: **Strategy without systems remain opinion. Technology without business alignment becomes waste**.

ib intelbex

# Let's build the systems behind your *strategy*.

INTELLIGENT BUSINESS EXECUTION
